

WOULD INCREASE PAY OF LICENSE INSPECTOR

An amendment to the city charter to increase the pay of the license inspector from \$100 a month to \$125 a month, while the collector may draw an equal sum or more. The inspector is in charge of the office and is responsible for about \$12,000 in license and privilege fees collected each year, and also has to give bond. The collector is not bonded.

There are three men in the office, the inspector and two collectors. It is proposed to make the salary of the inspector \$100 a month and the collectors \$100 or \$125 a month each.

W. J. Hayes, collector of license and privilege fees, while the inspector, James Quinlan, boss of the office, only drew \$100.

CANCEL INDUCTIONS FOR CAMP FREMONT

Men chosen for the infantry officers' training school at Camp Fremont, Cal., will not be sent to the coast for training. Capt. W. B. McDonald, commanding at West Tennessee Normal school, has received instructions from the southwestern department to order all men who have been inducted into service for training on the coast, to report to their draft boards, return transportation that has been furnished them and have the induction canceled.

GATES ON PROGRAM

Jack W. Gates will be the chief speaker Wednesday evening when the Memphis Association of Credit Men opens its series of educational meetings at the Chamber of Commerce. His subject will be "The Value of Association Work."

"Dr. Caldwell's Syrup Pepsin is the best remedy we have found for constipation. We cannot say too much for it." (From a letter to Dr. Caldwell written by Mr. Winfield S. Taylor, 342 Penn St., Burlington, N. J.)

Dr. Caldwell's Syrup Pepsin is the best remedy for constipation because it acts gently and does not gripe and strain. Its freedom from all habit-forming properties and its positive effect make it the ideal remedy for the family medicine-chest.

NEW ACTIVITIES ARE PLANNED AT TRAINING SCHOOL

Shelby County Industrial and Training School, according to plans for the coming year, contemplated by W. W. New, superintendent, is to reach out for a greater development along agricultural lines.

The school now has 30 thoroughbred registered Holstein and Jersey cows and has just completed a new cow barn that meets with all the requirements of the county board of health. The school is going to the poultry business on a large scale, planning to have a flock of more than 500 pure-bred White Wyandotte chickens in 1919. In addition to this a large herd of pure-bred hogs is being raised and it is planned to increase the herd next year. A new vegetable house for the storage of winter vegetables such as sweet corn, beans, tomatoes, turnips, parsnips, etc., has been erected.

Means of greatly increasing facilities for teaching trades also are being planned. Only recently a substantial brick building was completed in which the best and most complete manual training school in the county is now located. A well-equipped hospital, with two rooms, and a complete laundry are also located in this building. The boys in addition to agriculture are to be taught such trades as shoemaking and mending, and broom manufacture.

For a better moral uplift and for better entertainment for the boys the Rotarians are preparing to establish a camp of Boy Scouts among the youths and will give them their uniforms. The school will host a Christmas day, when the Rotarians will entertain them with a Christmas feast.

The boys have a photograph given them last Christmas, and are in need of used records. Persons who have them to give away may send them with the county chairman, room 8, courthouse.

BIG DAMAGE CAUSED BY FLOOD IN QUEBEC

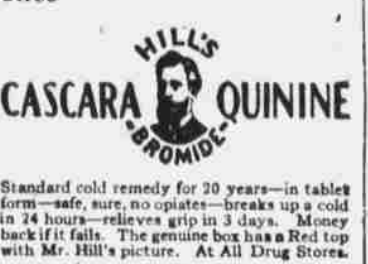

QUEBEC, Nov. 15.—Damage which may reach nearly \$1,000,000 was caused here within an hour last night when the flood tide, swept in by an easterly gale, flooded the streets of the lower town. Havoc was caused along the river front where boats were driven against wharves and navigation made so dangerous that ferry service between Quebec and Lévis had to be discontinued.

Lumber piled on the wharves was carried away and several houses were blown from their moorings and are believed to have been sunk.

Street car service in the lower town was discontinued, as the tracks were covered for several feet by water. The basements of many houses were flooded and stores damaged.

When the gale was at its height fire broke out in a house located on the heights of Lévis and the structure was razed in a short time. Sparks carried across the river by this city added to the confusion here.

Plenty of exercise, fresh air, regular hours—is all the prescription you need to avoid Influenza—unless through neglect or otherwise, a cold gets you. Then take—at once

Standard cold remedy for 20 years—in tablet form—safe, sure, no quinine—no sugar—no alcohol—relieves grip in 3 days. Money back if it fails. The genuine bottle has a Red Top with Mr. Hill's picture. At All Drug Stores.

Say It Stops Influenza

Testimonials From All Over the Country Are Pouring in Saying That Miller's Antiseptic Oil (Known as Snake Oil) Prevents Influenza and Helps Victims Get Strong.

There seems to be no question but that Miller's Antiseptic Oil (known as Snake Oil) when rubbed on the throat and chest will greatly assist inhaled through the nose, has saved thousands of lives by preventing influenza, pneumonia, and other diseases. Those who have already contracted the disease, Miller's Antiseptic Oil seems to make them well and strong again in no time at all.

Mr. E. E. Collins, of Lytle, Tenn., writes as follows: "I bought five 50c bottles of Snake Oil. A 50c bottle used by all three of my family who had influenza, certainly fixed it up. I give it full credit. I run a dormitory at an alcohol plant, where there is a good deal of influenza. I have tried Snake Oil on several cases and the have been relieved and made well again. Where doctors have lost a lot of patients, we have not lost a single one."

Miller's Antiseptic Oil (known as Snake Oil) is the great pain medicine—brings almost instant relief to any kind of ache or pain such as rheumatism, neuralgia, lumbago, colds, grippe, etc. Get a 50c, 60c or \$1 bottle today. Money back if not satisfied. For sale by leading druggists everywhere and Washburn-Lyle Drug Co., Memphis.

Capture \$12,000 Worth Of Shorty Here In Ten Days

In the last ten days the police run raiding and capturing of shorty, Chief E. E. Pass and Officers Olive and Berryhill, have cut a large swath in the income of Memphis bootleggers by capturing a total of about 120 cases of shorty, valued at approximately \$12,000.

The sudden influx of liquor at the police station is not laid to increase what might be called a streak of luck, but to the fact that the police, equipped with nerve on the part of the officers, have been successful in capturing 40 cases, valued at \$2,500, and four arrests, including M. J. Meritz, merchant, and three negroes.

Officers found \$1,300 worth of whiskey Meritz's place, they state, and when they arrested the negroes they also captured a large automobile filled with the contraband firewater.

All of the liquor is stored on the second floor of the police station, with the door locked and the key in possession of Chief Burney. Two attempts to break into the whiskey room during the last year by unknown persons, resulted in the destruction of the building, accounted for several cases. The culprits were never located.

During the epidemic Chief Burney dispatched all liquor in the building—about \$2,500 worth—to hospitals for emergency cases.

HEALTHY BOYS IN COUNTY INDUSTRY TRAINING SCHOOL

The Shelby County Industrial and Training School has a health record unexcelled by any institution of its kind in the United States, according to the health statistics in the hands of Mrs. R. M. McNeill, president of the school. The school, which has been in existence for 14 years, and has handled over 10,000 boys, has never had a death. Only one death has occurred in the negro school.

During the influenza epidemic more than 50 of the boys were stricken with the malady, but not a single one developed pneumonia and few remained confined more than a few days.

Mrs. McNeill attributes the health of the youths to simple ways of living. The diet given them is the most wholesome imaginable, consisting of butter, milk, fresh vegetables in summer and winter, and fresh fruit in winter and spring. Peas, beans and other field crops are grown for them in abundance.

Another safeguard for the youngsters' health, according to Mrs. McNeill, is the dress worn by the boys. They wear simple, uniform clothing, the year round, with the exception of heavier underwear in winter. The boys wear overalls and many of them would go barefooted in winter if allowed. The beneficial effects of outdoor breathing in their lungs in the field and the games on the school campus.

Medicine has played a very small part in keeping the boys healthy. Mrs. McNeill stating that the drug bills for the institution have never exceeded a total of \$15 a year.

The dormitories are kept in sanitary condition and at a uniform temperature. In winter the boys take their baths like ducks to water, and are trained not to exhibit the natural disposition to shiver or to shiver at the sight of tender years.

CONVERTED MAIL PLANE FALLS; AIRMAN KILLED

NEW YORK, Nov. 15.—Allen Adams, an aviator employed by an airplane company, was killed when his mail plane, converted from a mail plane, fell at Belmont Park, where they were to take on mail bags for a test flight from New York to Washington. About 200 feet, the men were enveloped by dense fog and in a few moments the machine crashed to earth.

LEMON JUICE WHITENS SKIN

Girls! Make beauty lotion at home for few cents

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White. Shake well and you have a quarter pint of the best bleaching and skin whitening cream and complexion beautifier ever used. Very small cost.

Your grocer or toilet counter will sell three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, and hands each day and see how tan, redness, sallowness, sunburn and windburn disappear and how clear, soft and rosy-white the skin becomes. Yes! it is harmless.

Easy to Make This Pine Cough Remedy

Thousands of families saved by its prompt use in colds, coughs, and croup, and saves about \$2.

You know that pine is used in nearly all prescriptions and remedies for cough. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup. To make the best pine cough remedy that money can buy, get a 25c bottle of Pine in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant to take. It is the only pine cough remedy that is safe for children.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistent, loose, or may be a combination of the two. The cause is the same—inflamed membranes—and this Pine and Syrup combination will soothe, soothe in 15 minutes or less. It is too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pine is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "25c bottle of Pine" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pine Co., Ft. Wayne, Ind.

FOR GRAY HAIR

Beautiful Shade In Few Days.

No matter how gray your hair may be, C-N will restore it to a beautiful, silky, brown shade in a few days. Thousands of women are using it. Your druggist guarantees it. Price 50c. adv.

YOU CAN HAVE YOUR ELIMINATES GREAT WIRELESS PROBLEM

NEW YORK, Nov. 15.—An invention which has taken the "static" out of the telegraph, removing thereby the greatest obstacle to the clear transmission of radio messages, has been perfected by Roy A. Weagant, chief engineer of the Marconi Wireless Telegraph Company of America. It is announced.

According to Edward J. Nally, vice-president and general manager of the company, who made the announcement, the invention not only makes possible the sending of clear radio messages regardless of atmospheric conditions, but eliminates "interference," thereby making possible the operation of innumerable radio stations without "clogging" of messages.

The invention, Mr. Nally said, also does away with the necessity of constructing huge wireless towers. Perfect service can be obtained, he said, with the use of antennae extending only a few feet from the ground.

Mr. Nally declared the invention marked a new era in world communication and was second in importance to the field of radio telegraph only to Marconi's invention.

Mr. Weagant, who is only 27, has been working on the problem of "static" for 15 years and took out patent papers on his invention shortly before the United States entered the war. By agreement with Mr. Weagant and the Marconi company, the government kept the invention secret, disclosing it only to the allied nations.

Mr. Nally declined to make known details of the Weagant invention, asserting the United States and allied governments had agreed it would be kept secret until the war was over, and until the actual signing and sealing of a peace treaty.

The king won the uniform of a Belgian general without decorations. Prince Leopold was in the uniform of a private soldier of a second line regiment, and the queen wore a simple champagne-colored habit.

The troops which entered the city formed the first division of the Belgian army. In peace times these men are quartered at Ghent. They were given a great reception by the citizens, their battered helmets and tattered uniforms bearing evidence of the recent fighting.

The royal party halted in the center of Place d'Armes and reviewed the whole first division, these soldiers being veterans of the whole four years of the war. The king and queen, with their hands playing, the king and queen saluted and the queen bowed and smiled.

Simone van der Leyne, a 10-year-old girl, rushed through the line of lancers and presented a bouquet to the queen. An aide lifted the child and the queen kissed her on both cheeks. The little girl then turned around to her mother and exclaimed with mingled pride and awe: "Mother, the queen kissed me."

The queen Elizabeth's visit was cheered by the throng.

The crowd then sang the "Brabant" and wound up with a tremendous outburst of applause. King Albert then went to the city hall, where he was received by Acting Mayor Nieuwe, who expressed the admiration of the citizens for the king's attitude during the war.

The king and queen then returned to the city hall, where they were received by the mayor and the queen bowed and smiled.

EVERYBODY WANTS A DIAMOND

DIAMONDS!

An Unprecedented Showing of
Fine White and Perfect Stones
Await Your Selection

Christmas, especially this Christmas, the day of gladness and gift-giving—why not make yours a gift more beautiful, more lasting and of more intrinsic value—a diamond.

Diamonds have advanced considerably during the past several months. Notwithstanding this fact our prices have not increased, for we foresaw the advances and made heavy purchases during the early spring.

Out-of-town parties who might find it inconvenient to visit our Diamond Department should avail themselves of our mail order service, which is thoroughly efficient and national in its scope.

If you prefer not to pay all cash we will be pleased to arrange terms by which you may pay so little as one-fifth the purchase price cash and the balance, plus 5 per cent., which is our only additional charge for credit accommodations, may be divided into ten monthly payments.

Write today for a copy of our diamond booklet No. 20. It is beautifully illustrated, contains much valuable information and will assist you materially in making a selection.

AVOID "FLU" AND PNEUMONIA BY STERILIZING NOSE

London Epidemic of 1891

Proved OI. Eucalypti (Eucalyptine Salve) is Most Effective Preventive Known.

Get out your jar of Eucalyptine Salve or, if you have none, go to the nearest drug store at once and get a family jar of this well-known nose and throat sterilizer. Sterilize morning and night by sniffing the Eucalyptine up into the nostrils and back into the throat, whence it will spread to the larynx and tonsils thus sterilizing the nose and throat.

The chief ingredient of Eucalyptine Salve is Oleum Eucalypti, the non-poisonous essence of the eucalyptus tree. Eucalyptine was first discovered in the London epidemic of 1891. In addition, Eucalyptine Salve contains just enough camphor, menthol and oil of white pine to make it soothing, healing and powerful. It is the best and most agreeable antiseptic you can use to sterilize the nose and throat of young and old alike.

Note—One application of the product referred to above sterilizes the nasal passages and the mucous stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Throat or who has had tonsils should give this prescription a trial. adv.

**GROWING DEAF WITH
HEAD NOISES?
TRY THIS**

If you are growing deaf or hearing and fear Catarrhal deafness or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Parment (double strength), and add to it 1 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Throat or who has had tonsils should give this prescription a trial. adv.
